TE-RM45 REARVIEW MIRROR WITH 4.5" COLOR LCD SCREEN

 SALES 386-257-1186

PRODUCT OVERVIEW

Integrate your vehicles safety camera display into this rearview mirror with 4.5" color LCD screen. This product replaces your vehicles factory rearview mirror with a full color LCD screen and mirror in one! Connect up to two video inputs - rearview camera and a second camera feed, to give drivers additional visibility without the use of an additional monitor on the dash. Display is virtually undetectable when switched off revealing a flawless factory-quality mirror. Includes our most widely used windshield mount.

- Replacement rearview mirror with integrated 4.5" digital color LCD screen
- Includes most widely used windshield mount
- 2 video inputs: rearview camera input and second video input
- 2mm allen key included
- 3 year warranty
