## TE-SVFD SIDE VIEW CAMERA KIT FITS FORD F-150 2015-2020

**SALES** 386-257-2956

### PRODUCT OVERVIEW

Enhance side visibility and improve parking awareness with this OEM-fit side-view camera solution designed to fit 2015-2020 Ford F-150 trucks. The TE-SVFD kit snaps directly into the factory side mirror panel and integrates with OEM (4.2" & 8") or aftermarket screens when used with the optional Axxess AXAC-FD1 interface (sold separately). Weather-sealed and low-light capable, each camera provides a wide, clear view. The AXAC-FD1 camera-switching interface supports seamless integration of up to four cameras for automatic parking assistance. It provides four CAN-activated camera inputs to the factory radio, displaying camera feeds automatically, with no user interaction required unless manually selected.

### Features:

- Field of view: 170° diagonal / 110° horizontal / 90° vertical
- 0.6 lux night vision
- Color: Black
- IP rating: IP67
- Snaps directly into the factory side mirror panel
- Compatible with OEM or aftermarket screens (AXAC-FD1 optional)
- 3-year warranty

### Includes:

- (2) Side-mirror camera pods
- (2) Flush-mount cameras (one per pod)
- All necessary wiring
