5 METER STRIP LIGHT KIT - CHASING COB LEDs

SALES
386-257-2956

PRODUCT OVERVIEW

This kit includes chasing lighting strips that are five meters long and feature 3M double-sided backing. Addressable LEDs allow them to be individually controlled for personalized colors, chasing lighting patterns, and more via a mobile smartphone app when paired with the included Heise Connect controller. These chasing LEDs are IP65-rated to be water-resistant and perfect for applications where lighting strips need to be visible. A built-in white diffuser strip blends the individual LEDs into a seamless, uniform color or pattern, eliminating any visible gaps between them.

- 5-meter reel (16.4')
- Addressable COB LEDs
- Black base
- 3M foam double-sided tape backing
- IP Rating: IP65
- Heise Connect chasing controller included
