- Choose mounting location
- Mounting will be the same for drivers or passengers' side
- Recommend to use with **JP-18FUSE-BRTK** fuse holder bracket. (Sold Separately)

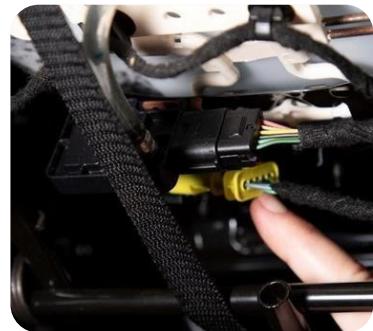

- Locate the (4) T50 Torx bolts holding seat into place and remove

- Locate the (2) body to seat connectors and remove, by pulling red lock back. Then push clip in and separate

- With assistant, remove seat
- Mount amp to bracket
- Secure wire using cable tie slots
- Position bracket between rear seat bolts
- Reinstall seat, connect body harnesses, and secure (4) T50 bolts into place

Jeep® Accessories

JP-18AMP-BRKT | Amplifier Bracket

\*2024-Up Jeep Wrangler and Jeep Gladiator with power seats may require modification to the height of the amp rack.
