

HIGH PERFORMANCE LED

LIGHTING & ACCESSORIES

Heise LED Lighting, by Metra Electronics, are exclusively developed and manufactured to meet all international standards. Our range of lighting integrates advanced thermal management, short circuit and open circuit protection and many other innovative features. All products undergo rigorous testing during the development and manufacturing process and again before leaving the factory. Metra's history, experience and approach to engineering and manufacturing ensure that their products stand out among the competitors and are the highest quality lights available on the market.

UNIVERSAL FIT

HIGH PERFORMANCE LED LIGHTING

Auxiliary driving and fog lights are intended for use solely as auxiliary lighting. They are not intended to be used for headlight purposes, nor are they certified for headlight usage. Auxiliary lights are designed to improve visibility during night time driving and inclement weather. Irresponsible use of any auxiliary light can be dangerous and illegal. Auxiliary driving lights are intended to supplement the high-beam of a standard headlamp system. They are not intended for use alone or with the low-beam of a standard headlamp system. Lighting laws vary from state to state.

FEATURES

Heise LED Lighting Systems®, by Metra Electronics®, are exclusively engineered and manufactured to meet all international standards. Metra's history, experience and approach to engineering and manufacturing ensure that their products stand out among the competitors and are the highest quality lights available on the market.

The Heise range of lighting technology integrates advanced thermal management, short circuit and open circuit protection, and many other innovative features. All products undergo rigorous testing during the development and manufacturing process and then tested again before leaving the factory.

M MILITARY BREATHER PORT

MACHINED MECHANICAL VENT PORT

1. Allows for any internal moisture to escape which can be caused by extreme heat and rapid cooling
2. Also assists with preventing any external moisture from entering the lightbar housing

H HYBRID SYSTEM

THE BEST OF BOTH WORLDS

Intense spotlights in the center flanked by wide beam driving lights on each side give you everything in one lightbar

U UNIVERSAL DUAL MOUNT SYSTEM

MOUNT ANYWHERE

Heavy-duty rubber foot mounts help reduce vibration for LED lightbars anywhere

V PROTECTIVE VENT PORT

SELF-ADHESIVE ONE-WAY VALVE

A dual-purpose membrane allows internal moisture to pass through and escape while also blocking liquid and particles from infiltrating the housing from the outside

EXPANDABLE CHASING LED WHEEL RINGS

HE-CHASE-WS

EXPANDABLE WHEEL RINGS - 11"-14" W/ CHASING LEDS & CONTROLLER

- 4 aluminum wheel rings, expandable from 11" to 14" diameter
- Adjusts in 0.25" diameter increments
- Cuttable LED strips for inside and outside of ring
- Includes thread locking adhesive plus caps and silicone to seal LED strips
- 3M double-sided backing on LED strips
- Addressable LEDs
- All anodized aluminum and stainless-steel hardware included for long-lasting installation
- Backbone harness for left and right side included
- IP68 rating
- Option to turn lights red when braking, yellow for turn signals with the included connect controller
- NOTE: Vehicles that have a wheel base over 144 inches, will need extension cables. Order one (HE-CHASE-2EXT) or (HE-CHASE-4EXT) for each side

Heise Connect chasing controller included

HE-CHASE-WWH

WHEEL RING BACKBONE Y HARNESSES

Maintain your chasing lighting system and keep it operating at peak performance with this convenient set of wheel ring backbone Y harnesses. This set lets installers replace damaged cables without the need to purchase a complete lighting kit. These harnesses can also be used to design your own custom lighting system by connecting rock lights or other devices. This set is designed to work cohesively with all Heise LED chasing lighting as part of the Heise Connect Universe (HCU).

Features:

- Left harness (5ft x 2ft x 14ft)
- Right harness (9ft x 2ft x 14ft)
- Universal applications

**HEISE CONNECT

for smartphones
and tablets

CHASING LED WHEEL RINGS

This expandable wheel ring makes it easy to replace a damaged wheel ring or take your Heise LED lighting system to the next level by illuminating your vehicle's mounted spare tire. A revolutionary patent-pending design makes it easy to expand the wheel ring from 11" to 14" or 15" to 18" to fit a wide range of vehicles. This kit includes two aluminum expandable wheel ring segments, a cuttable LED strip, a 10-foot extension cable, Y adapter, thread lock, mounting brackets, and hardware. This wheel light must be paired with a Heise Connect controller, sold separately, so the LEDs can be remotely controlled using the free downloadable Heise Connect mobile app for smartphones and tablets. Lighting systems that rely on a Heise Connect controller with a set of four wheel rings already connected will require a second controller to support the addition of this fifth wheel ring to their spare tire. Users can easily group these two controllers within the Heise Connect app for cohesive control of the system.

EXPANDABLE WHEEL RING

SINGLE CHASING LED EXPANDABLE WHEEL RING

HE-CHASE-WS1 11"-14"

HE-CHASE-WL1 15"-18"

Features

- Wheel ring adjusts in 0.25" diameter increments
- 3M double-sided backing on LED strips
- All anodized aluminum and stainless-steel hardware included
- IP68 rating
- Works with Heise Connect controller HE-CHASE-CB, sold separately

Kit Includes

- (2) aluminum wheel ring segments, expandable from 11" to 14" or 15" to 18" diameter
- Cuttable LED strip for inside and outside of each ring
- Thread lock adhesive and LED strip caps
- 10' extension cable and Y adapter

*MUST have 7/8" clearance between rim and caliper-rotor assembly when used as a replacement

WHEEL LIGHT SET

DOUBLE-SIDED CHASING LEDS WITH HEISE CONNECT CONTROLLER

- LED Count Per Light: 18 / Wattage Per Light: 3.6W
- Raw Lumens Per Light: 396lm
- Output Angle: 160°
- Lens Material: Polycarbonate
- Body Material: Aluminum alloy
- IP Rating: IP67
- Cable Length On Each Light: 5"
- Works with Heise Connect controller HE-CHASE-CB, sold separately

Kit Includes

- (4) chasing LED rock lights
- (4) curved rubber-covered mounting bases
- (4) 10' extension cables
- Drill template
- Aluminum alloy mounting hardware

HE-RLC-4B/HE-RLC-4W

ROCK LIGHT COVERS FOR SELECT HEISE ROCK LIGHTS

These rock light covers can be positioned to divert light downward for accent lighting or to diffuse the strength of the light when direct lighting is not needed. They are made from durable black or white molded plastic that boasts high impact strength to ensure lasting performance. Stainless steel mounting hardware is included.

- Material: PA-746 ABS molded plastic with UV protection
- Compatible with Heise LED rock lights:

HE-RGB-R1	HE-RGB-K4	HE-RGB-K8	HE-RGBW-R1
HE-RGBW-K4	HE-RGBW-K8	HE-CHASE-R1	HE-CHASE-K4
HE-CHASE-K8	HE-RGB-EX4	HE-RGBW-EX4	HE-CHASE-EX4

Includes

- (4) Rock light covers - available in black or white
- Stainless steel screws and nuts with nylon inserts

CHASING LED ACCENT LIGHTING

HE-CHASE-BED

CHASING LED TRUCK BED LIGHTING

- Heise Connect chasing controller (HE-CHASE-CB)
- (4) 24" chase LED tubes
- (1) 1' extension cable
- (1) 10' extension cable
- (8) clamp mounts
- (8) clamp screws
- (8) 4" cable ties
- (2) 5/8" grommets
- 1 adhesive pad
- RF remote included

HE-CHASE-GRILLE

CHASING LED GRILLE LIGHTING KIT

- Heise Connect chasing controller (HE-CHASE-CB)
- (6) 1' chasing LED tubes
- (2) 5' extension cables
- (4) 1' extension cables
- (12) clamp mounts
- (12) clamp screws
- (12) 8" cable ties
- (4) 4" cable ties
- (1) adhesive pad

HE-CHASE-INT

CHASING LED INTERIOR LIGHTING KIT

- Heise Connect chasing controller (HE-CHASE-CB)
- (4) 9" chasing LED tubes
- (1) 3' extension cable
- (2) 5.6' extension cables
- (1) 7' extension cable
- (4) clamp mounts
- (4) clamp screws
- (8) 6" cable ties
- (1) adhesive pad
- RF remote included

CHASING UNDERGLOW LIGHTING

This underglow kit includes 6 sealed LED tubes, mounting hardware, RF card remote, and Heise Connect chasing controller. The chasing tube layout was designed to separate the left and right sides of a vehicle. When a pattern is selected within the app, that lighting pattern will track down each side of the vehicle with the same timing. The Heise Connect controller provides 12volt triggers for the option to turn lights red when the vehicle is braking and yellow for turn signal indication.

HE-CHASE-UNDGKT

CHASING LED UNDERGLOW LIGHTING KIT

- (6) sealed polycarbonate LED tubes: (4) 18" & (2) 48"
- Includes RF card remote, mounting hardware, and extension cables
- Water-resistant Heise connector

HE-CHASE-STL

CHASING LED SPARE TIRE LIGHTING KIT

Features:

- Chasing spare tire light
- Turn signal, brake, and reverse functions
- Dual rows of addressable LEDs
- Over 200 vehicle applications*

Kit Includes:

- Heise Connect chasing controller (HE-CHASE-CB)
- (2) 8' extension cables
- Left and right half-circle LED segments
- Installation hardware

SINGLE CHASING LED TUBES

HE-CHASE-T9

HE-CHASE-T12

HE-CHASE-T18

HE-CHASE-T28

HE-CHASE-T48

Features:

- Works with Heise Connect Controller (HE-CHASE-CB), sold separately
- Available in 9", 12", 18", 28", and 48" tubes

Kit Includes:

- (1) chasing LED tube
- (2) clamps
- (2) screws
- (2) 6" cable ties
- (1) 6" input cable
- (1) 6" output cable

CHASING LED LIGHTING ACCESSORIES

HE-CHASE-PIH

4 PIECE

POWER INJECTION HARNESS

- (4) 10-inch inline power injectors with 6-inch power input cables
- (8) water-tight electrical connectors
- Input voltage: 11-16V
- Compatible with all Heise chasing LED products

HE-CHASE-4PT

5 INCH

SOLDER-ON ADAPTERS

- Solder-on connectors for Heise LED lighting products
- Watertight connections
- Works with HE-CHASE-CB Heise Connect chasing controller, sold separately
- (4) female solder-on connectors
- (4) male solder-on connectors
- (4) threaded collars + (8) Heat shrink tubing pieces

HE-CHASE-Y

1 FOOT

CHASING Y ADAPTER

- Individually packaged
- “Y” adapter, 1 male to 2 female
- Works with HE-CHASE-CB Heise Connect chasing controller, sold separately

HE-CHASE-2EXT

FITS HARLEY-DAVIDSON TOURING 1998-2022

BC-CHASE-K1

16-PIECE CHASING RGB LED ACCENT LIGHTING KIT

★ IP68 ★
CERTIFIED

- Water-tight, labeled connectors to make installation an ease
- Rated IP68 to withstand the elements
- 5050 chasing LED strips with VHB adhesive backing
- Heise Connect Chasing controller included
- Controlled via Heise Connect app or included RF remote
- Pre-wired trigger control for brake lights to add extra visibility for riders
- LED strips are pre-wired for triple tree, front fender, down tubes, gas tank, back engine, lower frame, saddlebags, and Tour Pak®
- 1-year warranty on LED strips and RGB controller
- Installation Level: Moderate

KIT INCLUDES

- (16) chasing LED strips with adhesive backing
- Heise Connect controller and RF remote
- (3) vehicle-specific plug-n-play rear lighting T-harnesses
- Independent on/off switch that can turn lights on with the ignition off
- Alcohol prep pads, adhesive promoter, and zip ties

Features

- Daisy-chainable (in/out cables)
- LED Count Per Light: 24 / Wattage Per Light: 2.4W
- Raw Lumens Per Light: 264lm
- Output Angle: 160°
- Lens Material: Polycarbonate
- Body Material: Aluminum alloy
- IP Rating: IP67
- Cable Length On Each Light: 5"
- Works with Heise Connect controller HE-RGB-CB, sold separately

Kit Includes

- (4) RGB LED rock lights
- (4) Curved rubber-covered mounting bases
- (4) 10' extension cables
- Drill template
- Aluminum alloy mounting hardware

UNDERGLOW LED TUBES

HE-RLC-4B/HE-RLC-4W

ROCK LIGHT COVERS FOR SELECT HEISE ROCK LIGHTS

These rock light covers can be positioned to divert light downward for accent lighting or to diffuse the strength of the light when direct lighting is not needed. They are made from durable black or white molded plastic that boasts high impact strength to ensure lasting performance. Stainless steel mounting hardware is included.

- Material: PA-746 ABS molded plastic with UV protection
- Compatible with Heise LED rock lights:

HE-RGB-R1	HE-RGB-K4	HE-RGB-K8	HE-RGBW-R1
HE-RGBW-K4	HE-RGBW-K8	HE-CHASE-R1	HE-CHASE-K4
HE-CHASE-K8	HE-RGB-EX4	HE-RGBW-EX4	HE-CHASE-EX4

Includes

- (4) Rock light covers - available in black or white
- Stainless steel screws and nuts with nylon inserts

This underglow kit is designed to handle rain, snow, and dirt. Rated IP67, these lights are designed for all-terrain on powersports vehicles, boats, cars, and more! Installation videos can also be found online at HeiseLED.com

RGB LED WHEEL LIGHTS

This expandable wheel ring makes it easy to replace a damaged wheel ring or take your Heise LED lighting system to the next level by illuminating your vehicle's mounted spare tire. A revolutionary patent-pending design makes it easy to expand the wheel ring from 11" to 14" or 15" to 18" to fit a wide range of vehicles. This kit includes two aluminum expandable wheel ring segments, a cuttable LED strip, a 10-foot extension cable, Y adapter, thread lock, mounting brackets, and hardware. This wheel light must be paired with a Heise Connect controller, sold separately, so the LEDs can be remotely controlled using the free downloadable Heise Connect mobile app for smartphones and tablets. Lighting systems that rely on a Heise Connect controller with a set of four wheel rings already connected will require a second controller to support the addition of this fifth wheel ring to their spare tire. Users can easily group these two controllers within the Heise Connect app for cohesive control of the system.

EXPANDABLE WHEEL RING

SINGLE RGB LED EXPANDABLE WHEEL RING

RGB LEDs

HE-RGB-WS1 11"-14"

HE-RGB-WL1 15"-18"

Features

- Wheel ring adjusts in 0.25" diameter increments
- 3M double-sided backing on LED strips
- All anodized aluminum and stainless-steel hardware included
- IP Rating: IP68
- Works with Heise Connect RGB controller HE-RGB-CB, sold separately

Kit Includes

- (2) aluminum wheel ring segments, expandable from 11" to 14" or 15" to 18" diameter
- Cuttable LED strip for inside and outside of each ring
- Thread lock adhesive and LED strip caps
- 10' extension cable and Y adapter

*MUST have 7/8" clearance between rim and caliper-rotor assembly when used as a replacement

MOTORCYCLE RGB LIGHT KIT

12-STRIP RGB PLUG-N-PLAY KIT WITH CONTROLLER

BC-RGB-K1

1996-UP*

FITS HARLEY-DAVIDSON FLH AND FLT WITH TOUR-PAK®

**★ IP67 ★
CERTIFIED**

- Kit is completely plug-n-play with OE style connections
- Water-tight connectors
- 5050 LED strips with black base
- 3M adhesive backing
- RGB colors are app controlled
- Trigger controls for brake and turn signals pre-wired

KIT INCLUDES

- Plug-n-play rear lighting T-harnesses
- 1996-2013 8-pin OE plug
- 2010-2013 6-pin OE plug
- 2014-UP* 6-pin OE plug
- Independent On/Off switch that can turn your lights on with ignition off
- RGB controller
- Alcohol prep pads, adhesive promoter and zip ties

EXPANDABLE RGBW LED WHEEL RINGS

This expandable wheel ring makes it easy to replace a damaged wheel ring or take your Heise LED lighting system to the next level by illuminating your vehicle's mounted spare tire. A revolutionary patent-pending design makes it easy to expand the wheel ring from 11" to 14" or 15" to 18" to fit a wide range of vehicles. This kit includes two aluminum expandable wheel ring segments, a cuttable LED strip, a 10-foot extension cable, Y adapter, thread lock, mounting brackets, and hardware. This wheel light must be paired with a Heise Connect controller, sold separately, so the LEDs can be remotely controlled using the free downloadable Heise Connect mobile app for smartphones and tablets. Lighting systems that rely on a Heise Connect controller with a set of four wheel rings already connected will require a second controller to support the addition of this fifth wheel ring to their spare tire. Users can easily group these two controllers within the Heise Connect app for cohesive control of the system.

EXPANDABLE WHEEL RING

SINGLE RGBW LED EXPANDABLE WHEEL RING

HE-RGBW -WS1 11"-14"

HE-RGBW-WL1 15"-18"

Features

- Wheel ring adjusts in 0.25" diameter increments
- 3M double-sided backing on LED strips
- All anodized aluminum and stainless-steel hardware included
- IP Rating: IP68
- Works with Heise Connect controller HE-RGBW-CB, sold separately

Kit Includes

- (2) aluminum wheel ring segments, expandable from 11" to 14" or 15" to 18" diameter
- Cuttable LED strip for inside and outside of each ring
- Thread lock adhesive and LED strip caps
- 10' extension cable and Y adapter

*MUST have 7/8" clearance between rim and caliper-rotor assembly when used as a replacement

LED BULBS PROJECTOR SERIES

Better Night Driving Begins with Heise

We've perfected high-performance LED lights for almost every type of vehicle and use. Now, you can upgrade any car or truck with projector bulbs to use our ultra-efficient, brighter LED bulbs. These are designed and optimized specifically for projector housings, but with the benefit of an instantaneous full lumen start-up, efficient LED output, and longer lifespan. Plus, they're easy to install and have a built-in EMI filter to avoid any potential radio reception interference.

BULBS LED PROJECTOR

- LED bulbs
 - Optimized specifically for projector housings
 - Instantaneous full lumen start-up
 - 10,000 lumens*
 - 9-32V DC
 - 80 watts*
 - Built-in EMI filter so it will not affect the vehicle's radio reception
 - Side-cable connection for slimmer installation
 - Tool-less rotatable collar for beam pattern adjustment
 - Copper-backed PCB
 - Intelligent temperature system
 - Copper heat pipe cooling
 - Dual ball bearing fan
 - Dual ball bearing fan
- * Rating for bulb set

HID to LED CONVERSION

Heise's HID to LED conversion bulbs cover every application of HID currently available on the market. Matched with a brand new extreme LED chipset, they not only outlast but will outperform HID bulbs. These bulbs are meticulously designed optimizing the LED position to maximize the headlight housing optics for both projector and reflector systems.

The "C" designation given to these bulb is in reference to the unique collar design that allows them to be properly keyed into projector "S" housings and reflector "R" housings.

HID REPLACEMENT BULBS HID TO LED CONVERSION

These direct-connect LED bulbs are designed to replace OE HID bulbs in a wide range of vehicles. The plug-n-play feature ensures a seamless conversion, requiring only a simple bulb swap. This modern design offers an efficient, long-lasting solution that provides safer nighttime vision for drivers with an upgraded, more focused beam pattern.

Features

- Superior light output to HID lights
- Direct plug-n-play connection to the factory ballast
- Instantaneous full lumen start-up
- Double-sided 30-piece wick
- IP Rating: IP67
- Lumens: Up to 5,000lm per bulb
- Lifespan: 50,000+ hours
- Material: Durable aerospace-grade aluminum
- Operating temperature: -40°C to 120°C
- Up to 90 watts total (45 watts each)
- Color temperature: 6000K to 7000K
- Sold as a pair

FITS HARLEY-DAVIDSON TOURING MODELS

CHASING
LED

- Water-tight, labeled connectors to make installation an ease
- RGB Strips Rated IP68 to withstand the elements
- 5050 RGB LED strips with VHB adhesive backing
- Lights controlled via Heise Connect app or included RF remote
- Pre-wired trigger control for brake lights to add extra visibility for riders
- LED strips are pre-wired for triple tree, front fender, down tubes, gas tank, back engine, lower frame, saddlebags, and Tour Pak®
- IP67-rated controller
- 1-year warranty on LED strips and RGB controller
- Installation level: Moderate

KIT INCLUDES:

- 16 RGB LED strips with adhesive backing
- RF remote
- (3) Vehicle-specific plug-n-play rear lighting T-harnesses
- Independent on/off switch that can turn lights on with the ignition off
- Alcohol prep pads, adhesive promoter, and zip ties
- Instructions

Heise Connect chasing controller included

**HEISE CONNECT
FREE APP**

for smartphones and tablets

HEISE CONNECT Features:

- Addressable LEDs
- 170+ color-changing patterns
- Turn signal function + brake function
- DIY pattern function + music sync function
- Max load 10A
- Can be grouped in the app with any Heise Connect controller (RGB, RGBW, and Chasing)

TERMS & CONDITIONS

TERMS

Net 30 days from date of invoice on approved accounts. Minimum order: \$50 per invoice, orders less than required minimum incur a \$20 service charge.

FREIGHT

Freight on board (F.O.B.) from point of shipment. Freight will be charged on all drop-shipment orders.

CREDIT

In order to establish a credit line with Metra, an application for credit must be submitted listing a minimum of five (5) trade references and a bank with their addresses and phone numbers and must be signed by a principal or authorized officer of the company. A credit line will be established by our credit manager and must be maintained in a current status according to our terms (net 30 days). Credit not established or revoked requires remittance with order. Returned checks are subject to a fee of \$32.00.

RESALE TAX EXEMPTION CERTIFICATE

CA, TX, KY, NJ & FL customers must provide a valid resale card before an order can be placed.

CLAIMS

Title and risk of loss passes to buyer at F.O.B. shipping point and all claims must be filed with carrier. Any discrepancies must be reported to Metra within ten (10) days of receipt of shipment.

RETURNS

All sales are final. No returns or exchanges will be allowed without prior written authorization from Metra. All returns are subject to a 20% handling charge, must be in a salable condition and must have been purchased within sixty (60) days of return request. No stock balancing permitted. Copies of invoices must be mailed in advance for any return authorization (R.A.).

WARRANTY

This limited warranty is provided by Metra Electronics Corporation and there are no other warranties, expressed or implied, except as required by law, including warranties of merchantability and fitness for a specific purpose, that are provided for herein, however all such implied warranties, if any, are limited to the duration of this specific limited product warranty. Some states do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.

Metra Electronics Corporation shall not be liable, under any circumstances, for incidental, indirect, special, consequential or multiple damages as a result of the sale or use of this product. Some states/countries do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

Lifetime Limited Warranty Products Covered:

Lightbars and Cube Style LED Lights.

Warranty Period:

Lifetime warranty for manufacturing defects. Rust and corrosion are NOT covered. Damaged, modified or cut harnesses VOID this warranty. Mounting brackets are NOT covered under this warranty. Mounting brackets are covered for 1 year from the date of original retail purchase.

3-Year Limited Warranty Products Covered:

LED Bulbs, Sealed Headlights, Accent Lights, Taillights and Fog Lights.

Warranty Period:

Warranted for 3 years from the date of original retail purchase for manufacturer defects. Rust and corrosion are NOT covered. Damaged, modified or cut harnesses VOID this warranty. Mounting brackets are NOT covered under this warranty. Mounting brackets are covered for 1 year from the date of original retail purchase.

1-Year Limited Warranty Products Covered:

Municipality Lighting, LED Strips, RGB Controllers, LED Controllers, Switch Controllers, Underglow Kits, Wheel Lights, Accent Eagle Eye Lights, and Mounting Brackets

Warranty Period:

Warranted for 1 year from the date of original retail purchase for manufacturing defects. Rust and corrosion are NOT covered. Damaged, modified or cut harnesses VOID this warranty

BACK ORDERS

If an item is temporarily unavailable for immediate shipment, we will backorder the item & ship as soon as possible from the nearest available warehouse, unless otherwise instructed. Metra reserves the right to make changes in or deletions of products or prices without prior notice.

*Metra will not assume any responsibility for damages to person or property due to incorrect interpretation of the material in this publication. Metra is not responsible for typographical or printing errors. Reproductions of editorial or pictorial content is strictly prohibited without prior consent from Metra.
